

MANASI VISHE

Aspiring Data Analyst | SQL | Advanced Excel | Microsoft Power BI

vishemansi7@gmail.com | +91 9322805073 | [GitHub](#) | [Portfolio](#) | Pune, Maharashtra

PROFESSIONAL SUMMARY

Aspiring Data Analyst with hands-on experience in SQL, Advanced Excel, Microsoft Power BI, and data visualization. Built 3 end-to-end analytics dashboards covering HR, lending, and retail domains — from data cleaning and DAX modeling to KPI reporting and business insight generation. Skilled in data cleaning, dashboard development, KPI reporting, and business analysis through real-world projects. Seeking an entry-level Data Analyst / BI Analyst role to apply analytical skills to real business decisions.

TECHNICAL SKILLS

- Languages: SQL, Python (basic)
- Databases: SQL Server (SSMS), MySQL
- Tools & Platforms: Microsoft Power BI, Excel (Advanced), SQL Server Management Studio, GitHub
- Core Competencies: Data Cleaning, Data Analysis, Data Visualization, Dashboard Development, Power Query, DAX, Pivot Tables, VLOOKUP, Basic Statistics

PROJECTS

HR Attrition Analytics Dashboard | *Microsoft Power BI*

- Built an interactive HR attrition dashboard analyzing employee turnover by department, salary band, age group, and job role.
- Designed KPI cards and DAX measures to surface attrition rate trends at a glance.
- Delivered business insights that support HR retention and workforce-planning decisions.

Loan Risk Analysis Dashboard | *Microsoft Power BI, SQL, Excel*

- Developed an end-to-end loan risk dashboard covering approval trends and customer risk profiles, from raw data to final report.
- Cleaned data in Excel, queried and validated it in SQL Server (SSMS), and transformed it with Power Query before modeling in Microsoft Power BI.
- Built interactive filters for Employment Status, Loan Purpose, and Home Ownership to help stakeholders drill into risk factors.
- Created DAX measures and calculated columns to support data-driven lending decisions.

FMCG Sales & Inventory Insights Dashboard | *Microsoft Power BI, SQL, Excel*

- Designed a retail analytics dashboard tracking Revenue, Profit, Units Sold, Inventory levels, and Lead Time.
- Performed data cleaning and transformation, then built dynamic filters for sales-trend and inventory-health monitoring.
- Generated insights on payment behavior and inventory turnover to support business decision-making.

EDUCATION

G.S. Moze College of Engineering, Savitribai Phule Pune University

Bachelor of Engineering, Computer Engineering

Oct 2022 – May 2026

Pune, Maharashtra

LEARNING & TRAINING

- Data Analytics Training — SQL, Excel, Microsoft Power BI (hands-on, project-based)
- Self-directed learning through online courses and applied projects
- Practical experience in data cleaning, analysis, and dashboard creation

SOFT SKILLS

- Communication
- Analytical Thinking
- Problem Solving
- Teamwork
- Time Management
